GROWTH SPURT COMPOST

Green is Good

A Natural Compost and Fertilizer

Another natural product from Spur of the Moment Ranch a Travel Green Destination Mountain, WI

Our compost is made from blends of pre-composted horse manure, sawdust, bark, hay and straw. It is piled and turned for a year then processed in the VermiComposter for 90 days with a 1/4 million hungry little red worms. Please stop by for a tour and free sample at Spur of the Moment Ranch.
